Professional Profile

Having been trained and involved in Sustainable Agriculture, Sales, Business Management and Team Management, I am well equipped with all of the hands-on skills and educational qualifications necessary to thrive within this competitive field. I am much passionate about Agricultural Sustainability, Sales, marketing, Crop Protection and farmers training. Given that these are areas that I have thrived in so well in my experience overtime while working as an Independent contractor at Murungaru zone and as interim Tupande Agent at engineer zone where I am working to date. I have performed excellently on farmers training, Sales and Marketing together with the General Operations at the Duka. My Key responsibilities have been creating demand for one-acre fund products, building and creating good relation with farmers, Report Writing, Sales and Marketing, educating clients about one-acre fund products, Overall Duka Cleaning, Farmers enrolment and repayment. Before joining one-acre fund, I was working as an enumerator (Agriprenuer) at farmer's registration activity held by the county government at ward level. I have also worked as at Muki farmers' cooperative where I got trained in different areas such as creditors and debtors reconciliation. As a BSC Agribusiness management with IT degree holder, I am also equipped with knowledge on sustainable Agriculture.
